

Marshfield Labs is teaming up with local charities to create Blue Jean Fridays!

All funds raised are donated to our local Ronald McDonald House and will help keep families close to their sick child.

The Ronald McDonald House program, which is a core program of Ronald McDonald House Charities, helps families worldwide stay close to their children while receiving hospital care, increasing the caregivers' ability to spend more time with their child, interact with their clinical care team and participate in medical care decisions. It also allows siblings and other family members to be present and engaged.

If you would like more information or to learn more about the Ronald McDonald House, please visit their website www.rmhc.org
