

Clinical Laboratory Science Student Programs
APPLICATION FOR ADMISSION

Please Type or Print in Ink or submit electronically

Program Applying For: Cytotechnology Histotechnology Medical Technology Option:
(check one) Option Option Early Admit (GPA \geq 3.5)
or
General Admit

Name _____ **Former Name(s)** _____
Last First Middle if any appear on records

Current Address _____
Street City State Zip

Permanent Address _____
Street City State Zip

Current/Cell Phone _____ **Work Phone** _____ **Permanent Phone** _____

E-mail Address _____

Social Security Number (voluntary) _____

Emergency Contact _____
Last Name First Name Relationship

Street City State Zip Phone

It is highly recommended that you have visited clinical laboratories before submitting your application. Please list:

Name of Hospital or Clinic Laboratory, Location	Date you visited or plan to visit
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Person *most* helpful in your selection of Laboratory Science as a career:

High School Counselor College Advisor Laboratory Faculty/Staff Other _____

Non-U.S. Citizens – Please complete the following:

Do you have legal authorization to be a student in the United States? Yes No

ACADEMIC SUMMARY

List in reverse chronological order ALL colleges, universities, professional, technical, or business schools attended. Transcripts from each institution listed must be submitted as part of your application.

Name of Institution	Location (City, State)	Attendance		Credits Earned	GPA	Degree or Certificate	Date Received or Expected Mo/Yr
		From Mo/Yr	To Mo/Yr				

If your education has been interrupted, list your activities during the intervening period.

WORK EXPERIENCE

List in reverse chronological order your work experience history. Include volunteer experience if applicable.

Name of Employer/Agency/ Institution City, State and Phone Number Name of Supervisor	Dates of Employment	Hours/Week (Part-time Full-time)	Duties and Responsibilities

EXTRA-CURRICULAR INTERESTS, HONORS AND AWARDS

List extra-curricular interests and give number of years of participation in each.

List honors, awards (e.g. scholarships). Specify high school (HS) or college (C).

PERSONAL NARRATIVE

Please provide a narrative describing your interest in the selected area of study. Type or computer print your response on a separate sheet of paper. Limit your response to one page. Please discuss the following:

- Why you are choosing this career.
- Your personal characteristics that support your selection for this program.
- Your future academic and professional goals.
- **Optional:** Use the space remaining to provide additional information, not found elsewhere in this application, that you believe would be important for us to know. This is optional and intended only to give each candidate full opportunity for self-expression.

REFERENCES

List the three people who are submitting references for you. One reference must be one of your campus advisors; one must be a university chemistry or biology instructor; the other may be a person of your choosing. Please inform your references of the application deadline and provide them with the address(es) of the laboratory(s) to which you are applying.

VERIFICATION OF AUTHENTICITY AND RELEASE OF INFORMATION

My answers to the questions in this application and associated materials are true, accurate and complete to the best of my knowledge. Any misrepresentation in these materials will be considered grounds for dismissal from the program, should I be accepted. I hereby grant permission to all of my previous employers and work supervisors listed in the application and the individuals who have provided references for this application, to release information needed to verify any aspect of my application. A copy or facsimile of this application, references, and/or other supporting documents, shall be considered as valid as the original in granting permission to verify this information.

TECHNICAL STANDARDS

Technical Standards represent the essential non-academic requirements of the program that all students must master to successfully participate in the program and become employable. All students and, thereby, all applicants are expected to:

- * Possess sufficient vision to easily read charts, graphs, instrument panels and printouts.
- * Be able to discriminate colors in order to identify reagents, media, stained cell preparations and physical properties of various body fluids, as well as delineate fine details of cellular structure and morphology when using a microscope.
- * Be able to read, write and communicate in the English language to facilitate effective communication with patients, physicians and all other members of the health care team.
- * Possess enough hearing ability with or without auditory aids to understand the normal speaking voice and discern audible instrument alert signals and timing devices.
- * Demonstrate sufficient manual dexterity to perform such required tasks as: performing phlebotomy safely and accurately; operating delicate instruments; manipulating tools; handling small containers of potentially biohazardous specimens (one by one-half inch); utilizing sample measuring devices; adequately focusing and manipulating a microscope.
- * Be sufficiently mobile to traverse about the Laboratory and Hospital corridors, including patient rooms (minimum width: 3 feet).
- * Demonstrate sufficient psychological stability to effectively problem solve and to react effectively in stressful situations. Must be able to recognize emergency situations and take appropriate action. In general, the student must possess the emotional health required for full utilization of his or her intellectual abilities.
- * Corrective devices and reasonable accommodations may be utilized to satisfy Technical Standards.

I have read the above Technical Standards and fully understand them. Any questions that I have concerning them and how they apply to me have been answered by program representatives to my satisfaction. It is my belief that I can satisfy each of the above Technical Standards based on my existing skills and abilities, or through the use of corrective devices.
