

The following list includes tests that are performed 24 hours a day, 7 days a week. A phone call to the lab requesting STAT testing for any of these tests is **NOT** necessary. The STAT performance of any other test (not included on this list) can be accomplished following request to and approval by the lab director, laboratory section head, or on-call pathologist.

**The following test results are available within 60 minutes of arrival in lab unless otherwise notified.**

- Acetaminophen (ACETA)
- Acetone / Acetest (ACET)
- Alanine Amino Transferase (ALT)
- Albumin (ALB)
- Alcohol (ALC)
- Aldolase (ALDO)
- Alkaline Phosphatase (ALKP)
- Ammonia (AMMON)
- Amylase (AMY)
- Amylase, Pancreatic (AMY-P)
- Activated Partial Thromboplastin Time (APTT)
- Aspartate Amino Transferase (AST)
- Aspirin, Verify (ASPVN)
- B-Type Natriuretic Peptide (BNP)
- Beta-Hydroxybutyrate (BOH)
- Bicarbonate (CO2)
- Bilirubin, Total (TBIL), Neonatal (NBILI), Direct (DBIL)
- Blood Gas (arterial, venous, capillary)
- C-Reactive Protein (CRP)
- Calcium, Ionized (IC)
- Calcium, Total (CA)
- Carbamazepine (CARBAM)
- Carbon Monoxide (CO)
- CBC (HGMPA, HGMP)
- Cerebrospinal Fluid (CSF) and other body fluid tests (cell count, differential, glucose, pH, and total protein)
- Chloride (CL)
- Cholesterol, Total (CHOL), HDL, LDL
- Creatine Kinase (CK), Total and MB fraction (CKMB)
- Creatinine (CREAT)
- D-Dimer (D-DI)
- Digoxin (DIGOX)
- Disseminated Intravascular Coag Profile (DIC)
- Drug Screen, Rapid Urine (DRUGS)
- Electrolyte Panel (LYTES)
- Erythrocyte Sedimentation Rate (ESR)
- Fetal Fibronectin (FFN)
- Fetal Lung Maturity, Lamellar Body Count (LBC)
- Fibrinogen (FIB)
- Gamma Glutamyl Transferase (GGT)
- Gentamicin (GENTA)
- Glucose
- Gram Stain (GRM)
- HCG, Quantitative (HCG-QNT, PGSER), Rapid Urine Pregnancy (PGQL)
- Hematocrit (HCT)
- Hemoglobin (HGB)
- Iron, Iron Binding Capacity, % Saturation
- Lactate (LACT)
- Lactate Dehydrogenase (LDH)
- Lidocaine (LID)
- Lipase (LIP)
- Lithium (LI)
- Liver Panel (LIVER)
- Magnesium (MG)
- Metabolic Panel, Basic (MPB) and Comprehensive (MPC)
- Methemoglobin (METH)
- Methotrexate (MTX)
- Mononucleosis, Infectious (IM)
- Myoglobin, blood (MYO-S), urine (MYO)
- Osmolality, Blood (OS), Urine (OS-U)
- P2Y12, Verify (P2Y12)
- Phenobarbital (PHENO)
- Phenytoin, Free (PTN-F)
- Phenytoin, Total (PTN)
- Phosphorus (PHOS)
- Platelet Count (PLT)
- Platelet Function Test (PFT)
- Potassium (K)
- Protein, Total (TP)
- Prothrombin Time, INR (PT)
- Red Blood Cell (Erythrocyte) Count (RBC)
- Renal Function Panel (RFP)
- Reticulocyte Count (RETIC)
- Salicylate (SAL)
- Sodium (NA)
- Theophylline (THEO)
- Tobramycin (TOBRA)
- Triglycerides (TRIG)
- Troponin I (TNI)
- Urea Nitrogen (BUN)
- Uric Acid (UA)
- Urinalysis, Dipstick and Microscopic
- Valproic Acid, Total (VPA)
- Vancomycin (VANCO)
- White Blood Cell Count (WBC)
