Changes in the ordering of immunosuppressant drugs

Hanna Loving, PhD

Effective May 1st, 2023, Marshfield Labs will be performing Sirolimus and Everolimus testing in-house in addition to Cyclosporine and Tacrolimus.

Inside this Issue

Sirolimus and Everolimus Testing

Test Info 1

Sirolimus and Everolimus

Marshfield Labs will be performing Sirolimus and Everolimus testing in-house in addition to Cyclosporine and Tacrolimus starting Monday, May 1st.

The Mayo send-out option will no longer be available. With this change, testing will be performed in Marshfield to provide more timely results, thereby minimizing delays in patient care.

Testing Information:

Name: **Everolimus**
Test Code: **EVRO**
CPT Code: 80169
Specimen: Whole blood

Name: **Sirolimus**
Test Code: **SIRO**
CPT Code: 80195
Specimen: Whole blood

Test Performed: Monday through Friday (samples arriving in-lab after noon will be run the next business day)

Please contact the Toxicology Lab with any questions at 715-389-3734.
